Swiss Lenalidomide In MDS del(5q) - Registry (SLIM - Registry)

Lenalidomide for patients with MDS del (5q) in daily practice in Switzerland - a data collection

<http://www.slim-registry.ch>

Issue No. 1, 25.04.2015

Dear participants of the SLIM-Registry

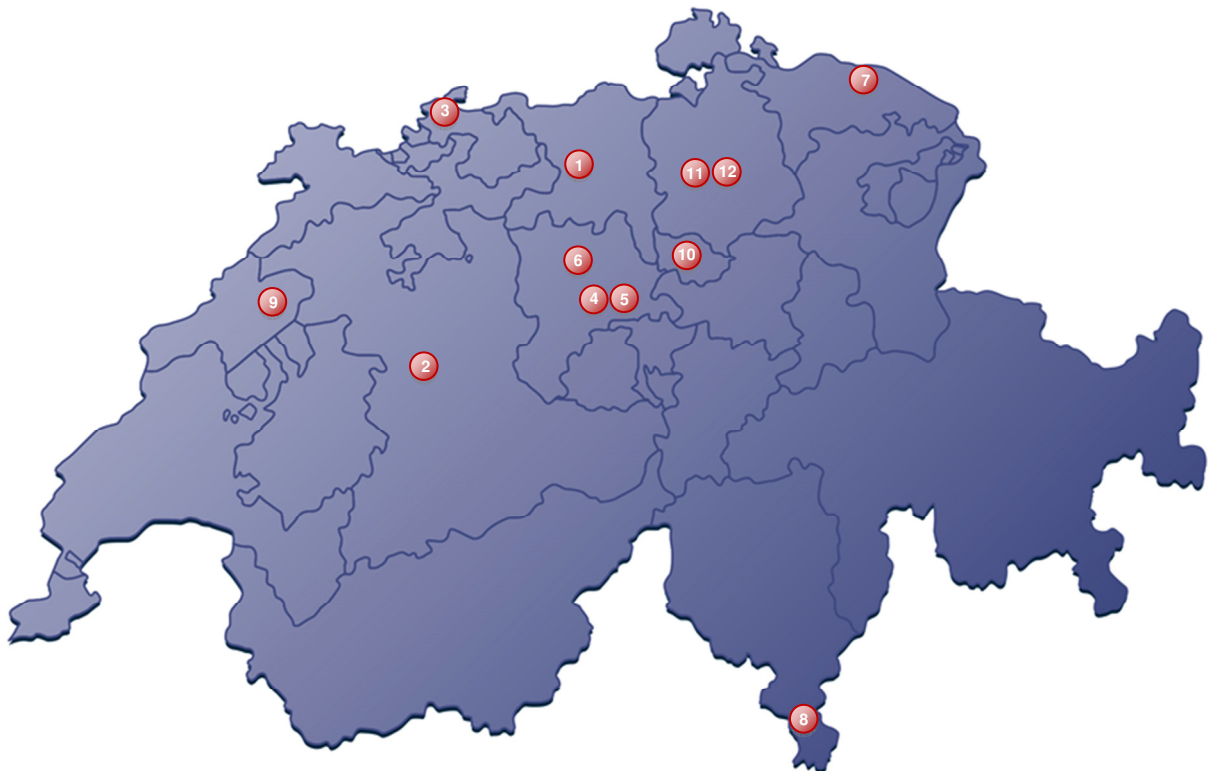

This is the first SLIM-Registry-Newsletter. In the future you will receive this newsletter quarterly. With that we will keep you updated about data entry into the SLIM-Registry by the various sites all around Switzerland and will highlight the progress the SLIM-Registry makes.

News and Highlights

In the SLIM-Registry you can include all MDS del(5q) patients age ≥ 18 years with or without additional cytogenetic abnormalities. Previous or ongoing treatment with Lenalidomide is mandatory.

Patients must provide written informed consent. There is no need for a written informed consent of relatives from patients who have passed away and had treatment with Lenalidomide in the past.

Participating Centers in the SLIM-Registry

SLIM-REGISTRY-NEWSLETTER

Current Recruitment Status

Canton (alphabetical order) – Hospital – Responsible Physician	No of patients

Important Information

Please note, that you are entitled to receive a compensation for every registered patient to cover for the time necessary to enter data into the SLIM-Registry. At registration of a new patient you will receive a compensation of 200 CHF. Once the patient has been documented completely in the Follow-up section you will receive again 100 CHF.

You will find the invoice after your Log-in at the Homepage of the SLIM-Registry www.slim-registry.ch. Please fill in the details of your bank account in the invoice and send that form to CTU Haematology, c/o Mrs. Gaby Fahrni, Luzerner Kantonsspital, Spitalstrasse, 6000 Luzern 16.
