News and Highlights

SLIM-Registry is a fine piece of research regarding Myelodysplastic Syndromes in Switzerland. It is the **first MDS-Registry** in Switzerland and is a good example of the fact, that Registries are **feasible** in Switzerland, too.

Inclusions of new patients into SLIM-Registry are possible only until December 31, 2019 (= last patient last visit). All data must be entered by the end of February 2020 the latest.
